Session #3 – Sub Section 2
Day 1, 25 October 2011

Review of the Draft CTI-CFF Annual Report

The Government of Indonesia and the CTI-CFF Interim Regional Secretariat hosted the *CTI-CFF Regional Priority Actions and Coordination Workshop 2010-2011* in Jakarta, May 17-19, 2010. This workshop was designed to facilitate CT6 countries and partners to make decisions on priority regional actions to be implemented from 2010 to 2011 (i.e. a period of eighteen months).

In mid-2011, three templates were developed (one for the CT6 to report national progress, one for the technical working groups to report regional progress, and one for partners to report their activities and support) and sent out to the NCCs, the Technical Working Groups and Partners for them to report back basic info on the progress towards achieving the Priority Actions and other activities, in lieu of the still evolving M&E program. Most of the countries, TWGs and partners replied in some fashion, and this information was compiled into a draft report and presented in summary to the SOM7. Additional inputs from the CTI family were transferred to the Interim Regional Secretariat during the meetings, now allowing the reports to be completed.

Volume 1 of the Report is a summary of each of the status and sections requested of the approved (SOM6) CTI Progress Report outline. Volume 2 includes the more details from the reports and attachments sent by the various contributors.
